Rubric for "Nanomedicine: The Battle Against Genetic Disease" Presentation

	0	1-2	3-4	5-6	Total
Causes and symptoms of the disease	Did not list causes or symptoms	Causes/symptoms were incorrect	Causes/symptoms were somewhat correct	Causes/symptoms were completely accurate	
Current research and treatment of the disease	No current research is presented	Current research and treatment presented but not accurate	Current research and treatment presented but only somewhat accurate	Current research and treatment is presented and completely accurate	
Presentation demonstrates the scientific method	Scientific method is not apparent	Scientific method is only basically apparent	Scientific method is apparent but not explained	Scientific method is apparent and completely explained	
Application of knowledge	Did not explain any treatments/future research	Treatments/future research were incorrect	Treatments/future research were somewhat correct with some support	Treatments/future research were completely accurate with support	
Use of nanotechnology	Did not explain nanomedicine's role and did not utilize any nano concepts	Nanomedicine's role was incorrect and utilized only 1 nano concepts	Nanomedicine's role was somewhat correct and utilized at least 2 nano concepts	Nanomedicine's role was completely accurate and utilized at least 3 nano concepts	
Quality of presentation	Presentation did not use technology and was disorganized	Presentation used technology, but was not organized	Presentation used technology and was somewhat organized	Presentation used technology and was well organized	
Facilitated a question and answer session	Did not engage audience	Little attempt to engage audience	General attempt to engage audience and answered questions	Engaged audience throughout with a clearly focused presentation, providing additional information if needed	
Sources Cited	Does not cite any sources	Some sources are listed but not completely or formatted correctly	All sources are listed, but not formatted correctly	All sources are correctly formatted using MLA and included
